3/15/95

Dear Randy,

As I get older and weaker and tireder I am also inclined toward more haste and sometimes that means carelessness.

I use window envelopes to save me time. I put the letter to you that was returned in the envelope with the address hidden! Sorry.

I've learned from Jim Lesar that he has a copy of that Frazier report I cannot find.

He has promised to send you a copy and to replace mine.

As you may know, Jim stays too busy. Now he has in addition ptoblems with his eyes from his diabetes.

So, he sometimes forgets and needs reminding.

If you do not have a copy within a short while, I suggest you remind him.

I think you will find it useful.

Best,

Harold
